

# Public Safety Report System (PSRS)

## Frequently Asked Questions (FAQs)

Question:	Answer:	
1. Is the PSRS live chat open 24/7?	The live chat will be available 24/7. However, AutoMon support will be available from 8 am - 5 pm Central time. Only priority 1 (aka system is completely down) will be addressed immediately if reported after hours. Otherwise, the question/issue will be reviewed on the next business day.	
2. Will this system be available from any computer or just from computers at police or court facilities?	The AIMS system (PSRS) will be available from any computer.	
3. Will the forms print to pdf or integrate into Odyssey or other systems?	Forms do print to PDF. Currently, there is not any integration scoped out to other case management systems (CMS).  However, this is something that the OCA is looking into.	
4. Repository in system?	AIMS (PSRS) will not have a documents repository.	
5. Can we set bond compliance hearings in Aims (PSRS)? Is it done on Ignition Interlock cases?	AIMS (PSRS) will not have bond compliance hearings.	
6. Will the sheriff's office be inputting this initial information?	If the Sheriff's office is normally responsible for getting this data for magistration, then yes, the Sheriff's office would be entering this data into the system.	
7. Are the finished documents envisioned as printed hard-copy documents to be signed by pen and ink, or to be digital documents to be signed digitally?	Users will have the option to print out documents from the PSRS. The Notice of Conditions will have to be printed since it must be provided to the defendant.	
8. Are these forms required to be used in each county?	The forms are part of the system and built for those counties that may not have a CMS for their process. They are not required to be used in the system, and can be adapted to each jurisdiction's	

Question:	Answer:	
	CMS, as long as the outcome is entered in the PSRS within the 72 hours.	
9. Can the forms be modified to include additional information (so long as the current language is included)?	Yes.	
10. Is it possible to see the forms in the system?	End users will be able to see the forms during the system training, and once logged into the system.	
11. Will the forms be available in other languages?	OCA is working on translating some of the forms into other languages.	
12. What if our jurisdiction already supplies all of this information?	Art. 17.022 of the Code of Criminal Procedure provides that the initial magistrate must consider the public safety report (PSR). A magistrate may consider other sources of information in addition to the PSR.	
13. How will the system address reporting on an arrestee with multiple offenses?	Records will be defendant-based, rather than offense-based, so all records for arrests for a specific defendant will appear in a single file.	
14. As a Magistrate, we appoint attorneys based on the Affidavit of Indigence and Application for Appointed Attorney (AIAAA). How will AIMS (PSRS) allow us to continue to do so?	The PSRS will not impact the process for appointing attorneys for indigent defendants.	
15. Will the system allow the Magistrate to assign a pre-filing Magistrate case number?	The PSRS will not retain a cause number assigned by a magistrate; records will be accessed by searching for specific defendants. However, magistrates may still assign a cause number which will be used in the magistrate's case management software, etc.	
16. How does AIMS (PSRS) integrate with the 16.22 Mental Health Assessments and potential Evaluation Orders?	The PSRS will not impact the process under Art. 16.22 for detecting mental health issues and ordering mental health evaluations.	
17. Can attorneys be appointed using the magistration forms?	The PSRS will not impact the process for appointing attorneys for indigent defendants.	
18. Can bond modification, Habeas Corpus and Examining Trial hearings be set?	The PSRS will not be used to schedule hearings.	
19. How will it work if magistrating out-of-county warrants?	The process within the PSRS will be the same for out-of-county warrants, and the bail form and other records will be viewable, by the magistrate who issued the warrant, through the PSRS.	

Question:	Answer:	
20. Can we issue local standard conditions of bond or even special individualized conditions?	Yes, the magistrate will be able to customize which bond conditions are imposed on individual defendants in the PSRS.	
21. How does AIMS (PSRS) handle 17.16 and 17.19 AFSS's from Bail Bonds Companies with the consequent revocation of bond and issuance of Capias Orders for the arrest of the defendant?	For 17.16, 17.18, and 17.19 determinations, the magistrate must consider criminal history but isn't required to consider a PSR. However, the magistrate must submit a bail form reflecting the newly-determined bond.	
22. Will the forms include statutory language for consequences of bond under TCCP 17.51(e)(2)?	Yes.
